A Member of **MS&AD** INSURANCE GROUP

At MSIG, we understand that your employees are your most valuable asset. With our SME Group Medical Insurance plan, you can provide customised protection for them that suits their needs and at the same time, fits your budget.

We offer six different levels of hospitalisation and surgical plan. Ranging from essential to premium “high end” cover, each one offers a well balanced combination of inpatient benefits.

To meet the other healthcare needs of your employees, you can add an optional outpatient benefit, which includes a unique feature - the opportunity to adjust cover "one level up or down". Our flexibility also gives you the freedom to choose other options including supplementary major medical, dental and personal accident benefits.

To better serve our clients in an increasingly digitalised world, we have launched our medical online portal, MediGo. Employers and employees now have a one-stop platform for managing all aspects of their policies simply and efficiently.

1. Flexible cover for better protection

Flexible optional protection

Innovative “one level up/down” feature

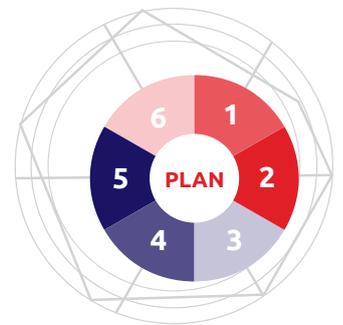

A new approach that gives employers the flexibility to assign different hospitalisation and surgical benefit plans to different groups of employees as well as choosing their level of optional outpatient benefit. For example, if you select Plan 3 of hospitalisation and surgical benefit, you have the option to choose the same plan level (Plan 3), one level above (Plan 4) or one level below (Plan 2) of optional outpatient benefit.

Affordable comprehensive benefits

You can choose 100% reimbursement of outpatient or dental benefits (up to plan limits) for optimal coverage or 80% reimbursement to reduce costs.

Adjustable optional benefit

To meet your needs, you can select from different plan levels for the dental and personal accident benefit for your employees.

Example:

	Hospitalisation and surgical benefit	Supplementary major medical benefit	Optional outpatient benefit	Dental benefit	Personal accident benefit
Group A (senior management)	Plan 6	Plan 6	Plan 6, 100% reimbursement	Plan 4, 100% reimbursement	Plan 5
Group B (general staff)	Plan 3	Plan 3	Plan 4, 80% reimbursement	Plan 2, 80% reimbursement	NIL

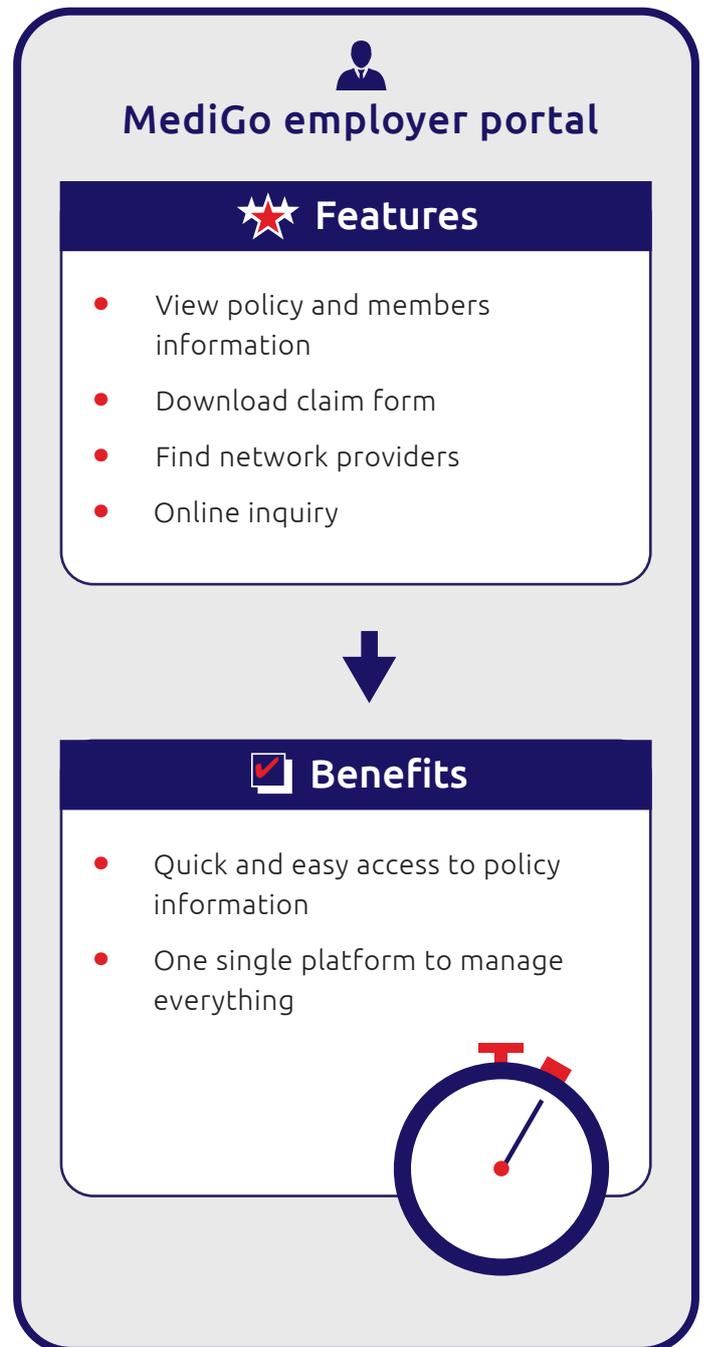

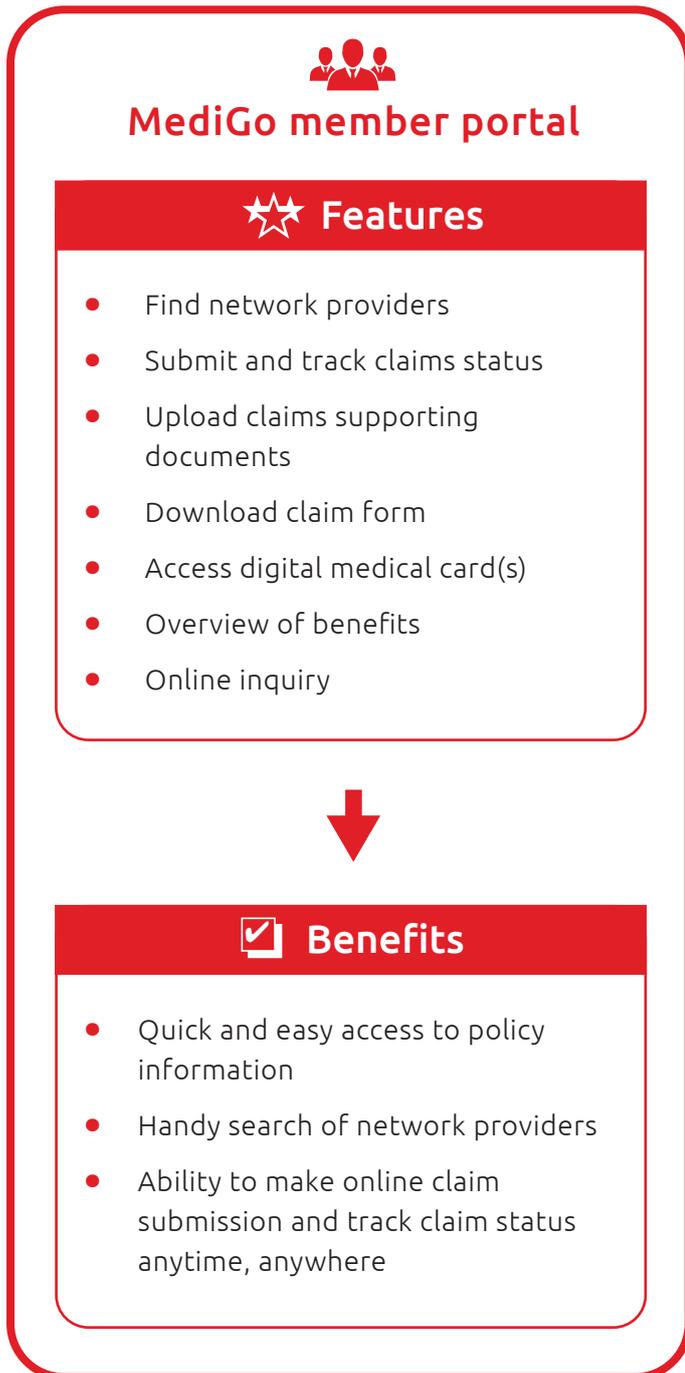

Competitive premiums

We offer competitive premiums based on the age of each insured person, using 5-year age bands. This suits the needs of dynamic young and SME businesses, who require a more flexible and tailored value-driven approach.

2. Easy access digital platform

Our digital health platform empowers every employer and employee to manage their policies quickly and easily. Your MediGo portal will make everything from finding a network provider to tracking a claim a breeze.

3. Plan highlights

Easy plan setup

Establish a plan with a minimum of 2 employees.
