

Cost effective way to insure your shop

Your shop is the retail centre of your business. If it were out of action, the consequences could be serious. Apart from the expense of repairing damage to the premises and replacing the contents and stock, your sales and income would also be disrupted. Valuable customers may be lost and no doubt other unplanned costs would also arise. Why should you take the risk? With Shop Insurance Policy you no longer have to worry.

Shop Insurance Policy is a convenient and low cost package which combines the most vital insurance covers needed by most shops into one policy.

At the same time it offers you the flexibility to extend the basic package to include other covers if you wish.

The savings made by combining these risks into one single policy make it a cost effective way to insure your shop.

What Does Standard Cover Include?

Shop Insurance Policy covers the following:

Contents and Stock

All contents and stock, including landlord's fixtures and fittings for which you are responsible, tenants' improvements, employees' personal effects, sanitary ware, fixed glass and mirrors.

Providing you are insured for the full replacement value, all contents could be replaced as new. Cover is "All Risks" but to keep the premium as low as possible, we do ask you to bear the first HK\$1,250 of most claims. In the event of a loss, your sum insured will be automatically reinstated at no extra cost.

Within the total Sum Insured selected by you, we will also provide cover for the following:

Loss Of Trading Profit

This provides protection for loss of trading profit incurred in the 12 months following insured damage to your Shop Contents or Stock. Your Sum Insured should not be less than your anticipated trading profit for the next 12 months.

Employees' Compensation

This covers your legal liability to pay compensation to: Employees - for bodily injury, illness or disease arising out of and in the course of their employment with you according to Employees' Compensation Ordinance.

Personal Accident

This Section helps you settle that moral dilemma - what if an employee is killed or seriously hurt in an accident? If killed, should you pay anything to dependents? If injured, what about wages to help tide him/her over? Not always easy if you have to take on a replacement. Or, if you were hurt, could you pay your living expenses and someone to take over while you're out of action?

This low cost cover pays you and / or employees cash compensation and / or a regular income for up to two years for death or disablement caused by and occurring within two years of an accident. Cover operates 24 hours a day, 365 days a year, anywhere in the world.

You can cover directors, partners, some or all employees, providing no-one is more than 65 years of age and that they are in good health and the maximum number of units of compensation for each person insured is no more than 20.

The benefits provided by one unit of compensation are:

Coverage	Maximum Benefits Payable (HK\$)
Death, permanent disablement or loss of a limb	\$25,000
Temporary total disablement from attending usual occupation	\$250 per week (up to 104 weeks)
 Temporary partial disablement from attending to a substantial and essential part of usual occupation 	\$65 per week (up to 104 weeks)
Medical expenses	\$2,000

Glass

We can also cover glass, for example in windows and display cases, against accidental breakage for its replacement cost.
